

- The change in logo's star colour to gold demonstrates the magnificence and greatness of Bethlehem University (BU).
- The laurel wreath refers to the great achievements of BU; graduating quality students and ensuring standards of excellence.
- Aligning the years “1973” and “2023” beside the star refers to the foundation year and celebration year of the golden jubilee.

---

We have to remember that It is not just about the excellence; also giving hope and supporting peace.

The main theme of the BU's golden jubilee's logo is:

**Hope. Peace. Excellence.**

I put “Hope” first as it is the most important between the three.
