

Policy Regarding Second Major

Bethlehem University does not issue a diploma or certificate for the completion of a second major or minor.

Baccalaureate graduates of a Bethlehem University program, who after they graduate complete all the courses that normally constitute a major or a minor in addition to the major and minor which are mentioned in their transcripts, are eligible to receive a letter from the Dean of the Faculty in which the second major or minor is completed. The letter would indicate that "This is to certify that XXXX has completed all courses, totaling YYYY credit hour, which normally constitutes a major (minor) in ZZZZ".
