**"Current Status and Future Prospects of Service Learning"**  
Bethlehem, Palestine, May, 2023

**Session**

**Introduction about Service Learning history at BU**

**Film: "YES I CAN"**

**Content:**

This paper focuses on the social sciences department developing and implementing the service learning methods in the course of field work practicum, also developing the first manual of the SL in Palestine in cooperation with the KATHO university of KOLN and Philadelphia University in Jordan since 2014.

Also how we moved from working as community work to implement the SL concepts and theories.

The film will reflect the experience of our students in field work with people of mental disability advocating their right to work.
